Banner Network Colorado

Banner Network Colorado is a provider network serving Larimer and Weld counties in northern Colorado's Front Range. The comprehensive network is composed of health care providers, such as physicians, hospitals and related medical providers, who are aligned to improve the quality of care for patients.

Highlights:

- **More than 300 doctors**
- **Ambulatory care coordinators** who partner with primary care physicians to manage patients' health and wellness between office visits and ensure safe transitions of care
- **13 Banner Network Colorado clinics** that have achieved Level 3 National Committee for Quality Assurance Patient-Centered Medical Home designation
- **20-year track record** of successful population health management
- **Integrated electronic medical records systems**
- **Centralized data warehouse** to assist in the early identification and coordination of care for chronic conditions
- **Outreach program** that focuses on clinical quality measures, including breast and colorectal cancer screenings and diabetic measures
- **Behavioral health practitioners and clinical pharmacists** embedded in the primary care clinics

Colorado Health Neighborhoods

Colorado Health Neighborhoods (CHN) is a physician-led network of independent and employed providers, strategically aligned with Centura Health, practicing medicine across much of Colorado.

Highlights:

- **More than 5,100** Centura-employed and independent affiliated providers
- **Ambulatory care coordinators** who partner with primary care physicians to manage patients' health and wellness between office visits
- **Keen focus** on clinical quality measures, including breast and colorectal cancer screenings, diabetic measures, readmission rates, and avoidable emergency room visit reductions
- **A focus on education and providing information** to patients regarding other in-network, lower-cost options through CHN's 24/7 care options
- **A website and app** for patients to easily find in-network primary care physicians and specialty providers

Colorado Innovative
Physician Solutions Inc.

Colorado Innovative Physician Solutions (CIPHYS) is a physician organization serving El Paso and Teller counties with tools and resources to achieve better health, better health care and lower costs in the region.

Highlights:

- **More than 150 physicians and 200 clinicians**
- **Full range** of primary care, specialty and ancillary services
- **Primary care practices** that are all Level 3 National Committee for Quality Assurance Patient-Centered Medical Home recognized
- **State and nationally recognized** chronic disease management achievement
- **Coordinated transition-of-care** program in place
- **Preventive outreach system** employed practice-wide
- **Registered nurse navigators and social workers** integrated into primary care management teams

We put your health first

New West Physicians is the largest primary care medical group in the Denver metro area. Since its inception in 1994, New West Physicians has continued to provide high-quality care to its patients.

Highlights:

- **Over 130+ providers serving 200,000 patients**
- **Preferred specialists** selected to ensure quality of care
- **Shared decision making and patient engagement** through patient portal, online health database, e-newsletter and social media
- **20 offices** located throughout the Denver metro area
- **Hospitalist program** that includes nurse case managers for continuity and transition of care
- **Diabetes and Nutrition Center** that features individual and group education classes
- **Integrated, relationship-based approach** to patient care for 26 years

PHPprime is a primary care independent practice association driven by Physician Health Partners' strong commitment to high-quality, cost-effective, coordinated care.

Highlights:

- **60 practices with nearly 300 primary care physicians and advanced practice providers** throughout the Denver metro area
- **Focus on team-based care coordination** that is committed to providing patient- and family-centered care and accountable for achieving positive performance outcomes
- **Supported by Physician Health Partners**, a primary care management services organization with more than 23 years of experience
 - Social workers and registered nurses who help develop care plans, provide education, coordinate care/resources and empower patients to manage their health
 - Dedicated practice transformation and population health teams focused on improving access to care, electronic health record utilization and patient-centered approaches
 - Robust data and reporting capabilities that drive opportunities for patient outreach/engagement and improved practice operations/performance

This material is for information only. Health benefits plans contain exclusions and limitations. Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. If you are in a plan that requires the selection of a primary care physician and your primary care physician is part of an integrated delivery system or physician group, your primary care physician will generally refer you to specialists and hospitals affiliated with the delivery system of that physician group. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health care services. Information is believed to be accurate as of the production date; however, it is subject to change. Refer to **Aetna.com** for more information about Aetna® plans.
