More than 3,000 primary care doctors, 9,000 specialists, and 68 acute-care hospitals are available for care across the state. Colorado's top hospitals and teaching facilities are in the network, including **Rocky Mountain Hospital for Children**.

Tools that keep members in their best health

The Pathway EPO plan comes with a variety of online tools and resources, such as **Find Care & Cost** and the **SydneySM Health** app, to help members manage their health. This can mean better well-being for the long run — and lower costs for everyone. The plan also covers preventive care at 100%.
