

Bringing lower-cost coverage to Colorado's Front Range

Pathway Essentials PPO is a network designed for the Denver-Boulder area

Giving individuals access to local care from local doctors makes it easier for them to receive the care they need to stay healthy. Our Pathway Essentials EPO plans offers cost-effective coverage near to where they work and live. Available to small businesses, Pathway Essentials PPO offers an extensive network that covers these counties:

- Adams
- Arapahoe
- Boulder
- Broomfield
- Clear Creek
- Denver
- Douglas
- Elbert
- Gilpin
- Jefferson
- Park

Backed by years of experience

For 80 years, Anthem has been connecting individuals in Colorado to high-quality, whole-person care to help improve their health. Our long-time partnership with HealthONE System, recently recognized by IBM Watson Health as the #1 Large Health System in the country, helps us ensure easier access to nearby care with lower costs.

Pathway Essentials PPO network includes:

- Over 975 primary care doctors¹ and over 3,000 specialists — no referrals necessary
- 100% coverage for in-network preventive care
- Out-of-network benefits for emergency care

Tools for ongoing health management

Small Group EPO plans on the Pathway Essentials PPO/ Pathway Essentials PPO Standard network include online resources and tools to support health and well-being:

- **Telehealth** — convenient care through chat or video visits, with no cost share for plans without a health savings account (HSA) or catastrophic plans
- **Lifestyle coaching** — web-based and phone support for help improving health and lifestyle choices
- **Maternity support** — help for mothers-to-be, including lactation support through LiveHealth Online on our SydneySM Health app
- **Symptom Checker** — virtual assistant powered by artificial intelligence (AI) directs users to appropriate care
- **Action plans, tracking, and rewards** — resources to help set goals and track progress and results
- **Personalized health recommendations** — custom reminders and suggestions based on claims data and AI sent to those in the health plan
