

Manage your health anytime, anywhere with a kp.org account

When you create your kp.org account, you get access to many useful tools and resources to help you get the care you need.

Easily manage your care

It's easy to stay on top of your care with a kp.org account.¹

- Schedule routine appointments
- Email your care team with nonurgent health questions
- Refill prescriptions for pickup or home delivery
- See most lab results and doctor's notes
- Access vaccination records
- Manage a family member's health care²
- Find information about your plan's benefits and costs

Download the Kaiser Permanente app

The Kaiser Permanente app makes it easy to access your kp.org account when you're on the go. Just visit your phone's app store, search "Kaiser Permanente," and download.

Create your account today

It's easy with these 2 options:

Scan the QR code or visit
kp.org/registernow/co

kp.org/registreseahora/co
(en español)

See the other side of this page for instructions.

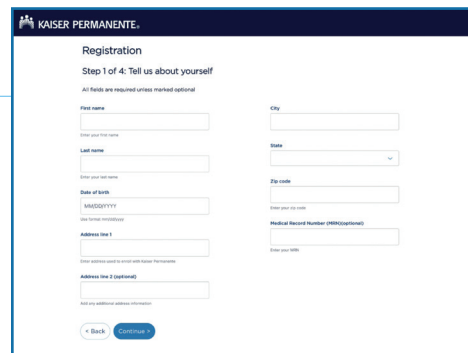

Make sure to have your Kaiser Permanente ID card with you when you create your account.

1. These features are available when you get care from Kaiser Permanente facilities. 2. Online features change when children reach age 13. Teens are entitled to additional privacy protection under state laws. When your child turns 13 years old, you will still be able to manage care for your teen, with modified access to certain features.

Create your kp.org account in 4 easy steps

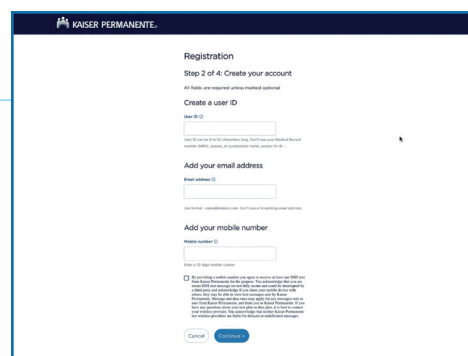

1 Enter information

- Name
- Date of birth
- Address
- Medical record number on your Kaiser Permanente ID card

2 Create a user ID

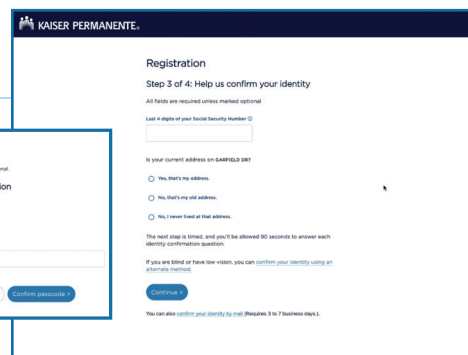

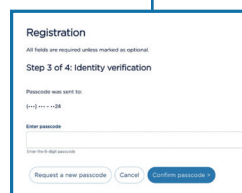

You'll also enter your email address and mobile number. They'll serve as your profile's primary contact information.

3 Verify your identity

You have 2 options:

- Enter the one-time passcode you receive at the mobile number you provided.
- Answer a few questions based on your Social Security number.

4 Create your password

Now you can sign in with your user ID and password and start using all the great tools and resources available to you.
