

Pathway EPO/PPO

Offering access to high-quality, cost-saving care throughout Colorado

Coverage across the state

Our Pathway EPO plans use the Pathway PPO network to connect your employees with the care they need throughout Colorado.¹ This gives them access to high-quality care at lower costs.

Pathway EPO plans offer:

- \$0 preventive care and \$0 virtual care through our virtual-care-only (after deductible on HSA plans).²
- Access to **HCA HealthONE** and **UCHealth**.
- Emergency and urgent care across the country and around the world through the Blue Cross Blue Shield Global® Core program, including more than 2 million doctors in 190 countries and every U.S. zip code.³
- Expanded access to lower-cost labs including Quest® Diagnostics and Labcorp.

The savings add up

13% lower premium costs in Boulder-Longmont, Denver, Greeley, Colorado Springs, Fort Collins, and Pueblo.⁴

Well-being resources for whole-person health

Behavioral health

Pathway PPO includes access to a national behavioral health network twice as large as our competitors, including online therapy platforms like Headway, Talkspace, LiveHealth Online, and Headspace.⁷

Other specialized programs include:

- Emotional Wellbeing Resources.
- Autism Spectrum Disorder Program.
- Behavioral Health Advantage or Behavioral Health Case Management.

Wellbeing Solutions

Our wellness programs include support for maternal health, cancer, and ongoing conditions, with 24/7 access to a registered nurse and guidance for family planning.

The results are significant

- **\$3K+ average savings per year** for members with integrated medical, behavioral, pharmacy, and disease management care.⁸
- **58% decrease in emergency room (ER) visits** for employees with breast cancer who participated in our cancer care program.⁹
- **43% of employees** in our Anthem wellness programs **lost at least 3%** of their initial body weight, and **28% lost at least 5%**.¹⁰

Care that goes above and beyond — while keeping costs down

Pathway EPO plans give your employees access to a broad choice of care providers in the plan's PPO network. We design and implement programs that deliver high-quality care and help save you and your employees money.

Value-based care

Primary care doctors who are part of our value-based care program spend extra time with your employees and get to know their unique health concerns. This results in higher-quality care, fewer unnecessary medical services, better chronic disease management, and lower costs.

In Colorado, this means a **primary care savings of \$11 per member per month (PMPM)**.¹¹

Doctors in the program are in a downside risk model. This means they have an incentive to keep costs down while improving health outcomes. They share in the savings when they meet their targets but they can be penalized if they don't.

Expert specialty care

Your employees have access to Blue Distinction Centers (BDC) and Blue Distinction Centers+ (BDC+) specialty care providers. These doctors and facilities are nationally recognized for their excellence. They meet rigorous standards resulting in better outcomes, fewer hospital readmissions, and **more than 20% average savings per episode**.¹²

Flexible pharmacy options for more savings

The [SydneySM Health](#) app and [anthem.com](#) make it easy to compare medication prices and discover discounts on hundreds of covered and non-covered drugs.

Pathway PPO also includes:

- CarelonRx Pharmacy home delivery.
- Member and care provider outreach to improve outcomes and lower costs.
- CarelonRx Specialty Cost Relief program (except for fully insured plans).

Our **Base Network** gives your employees access to more than 62,000 pharmacies nationwide and the lowest price on many medications.¹³ Locations include:

- Albertsons[®]/Safeway[®]
- City Market
- Costco[®]
- CVS Pharmacy[®]
- King Soopers
- Walgreens
- Walmart[®]

Large groups can offer employees greater flexibility with **Rx Choice Network**, our two-tiered nationwide pharmacy network. Preferred pharmacies have lower out-of-pocket costs, while our expanded network offers more convenience with additional locations.

Weight management

Groups with administrative services only (ASO) funding can add the CarelonRx Weight Management program for clinically guided weight loss and GLP-1 drug management for improved results.

The Sydney Health app

Our award-winning app lets your employees view and manage their benefits from one place.¹⁴ They can:

- Access their health plan ID card.
- Get help 24/7 through chat.
- Manage prescriptions and look up claims.
- Have a video visit or chat with a care provider.

The app has been used more than **80 million** times with a **91% digital containment**. This means that users find what they need on the app without calling for help.¹⁵

16 Availability of the Engagement Package varies by plan. Rewards eligibility applies only to subscribers and their enrolled spouse/domestic partner (if applicable) with Anthem medical benefits unless employer chooses subscriber-only rewards. Eligible members must be active on the plan and their activity must take place during the plan year. A subscriber and eligible spouse/domestic partner may earn rewards when eligible activities are completed and, in some instances, are verified by an Anthem claim. Rewards may be a taxable form of income. Rewards may be delivered by check or an alternative form of payment.
