

# Know your costs before receiving care

Use SmartShopper to find high-quality care that costs less

Protecting your health is important — and so is protecting your budget. When you need care, such as blood work, an ultrasound, or a colonoscopy, your doctor may refer you to a lab, facility, or specialist that isn't in your plan's network. When that happens, you end up paying more. To help you get the care you need and control the costs, your plan comes with exclusive access to SmartShopper®.

This program helps you shop around before receiving care. Not only can you find high-quality care to meet your needs at lower costs, but you also have the chance to earn rewards. Rest assured, the doctors, labs, and facilities listed on SmartShopper are carefully vetted and in your plan's network.
