Due to state legislation, participating providers in certain states are not legally obligated to provide a discount on non-covered services. Check with your participating provider to see if they provide a discount on non-covered services.

You can now schedule an online appointment for some participating dental providers by selecting the "schedule appointment now" link. Once you've made an appointment online, you will get a confirmation email from Local Med with your appointment details. You can cancel or reschedule your appointment by selecting the "View appointment details" link in that confirmation email or by calling the provider's office. Humana is unable to handle any issues related to appointment scheduling.
